MAINE'S HEROES LAID TO REST

Beneath the Green Hills
Of Virginia,

IN OLD ARLINGTON CEMETERY

Thousands Join in Paying a
Beautiful Tribute to the
Nation's Dead.

PRESIDENT CHIEF MOURNER

Washington, March 22.—With all the pomp and solemnity that a mighty nation can pay its heroes of war, the last of the dead of the Maine were laid away yesterday beneath the green hills of Virginia in Arlington cemetery.

Side by side with the bodies of those brought back from Havana those brought back from Havana harbor after the war with Spain, they were consigned to the earth of the Old Dominion, while a nation paid its last measure of honor to the "unidentified" of that great catastrophe that brought on a war, changed the map of the world and extended the empire of the United States into other corners of the earth.

Seldom in the history of this country has there been planned a higher tribute to the memory of any man or men than that for the sixty-four dead of the Maine. Government business in Washington was practically suspended by executive order. President Taft, most of the members of his cabinet, the highest officers of the army, navy and the marine corps, officials of the departments and the representatives of many foreign powers participated in the exercises.

Elaborate and careful preparations had been made for the ceremonies of the burial. Beginning with the removal of the dead from the U. S. S. Birmingham, which brought them up from Havana, and ending with the firing of three volleys of musketry over the new-made graves across the Potomac, the exercises were designed to show all honor and respect to the martyrs of the old battleship.

The speakers who faced the crowd in the plaza behind the navy building were only three—President Taft and Father Childwick, chaplain of the Maine when the explosion of February 15, 1898, sent her to the bottom, and Chaplain Bayard, U. S. N.

The Marine band, the show band of Washington, was chosen to give the solemn music for the dead, and an army battery stationed near the Washington monument was selected to fire the twenty-one-gun salute as the ceremonies at the navy building ended and the quiet march to Arlington was begun.

Conspicuous among the officials for whom reservations had been made just behind President Taft on the steps of the big granite building were Rear Admiral Charles D. Sigbee, who commanded the Maine at the time of the explosion; Rear Admiral Richard Vainwright, Lieutenant Boyd and Medical Director L. G. Heneberger, officers under him at the time. For Admiral Dewey and Lieutenant-General Nelson A. Miles, the ranking officers of the navy and army, special places had been set apart.

During the memorial exercises the committee had arranged for the tolling of the "Paul Revere" bell of All Souls' Unitarian church, which has been tolled at the funeral of Presidents, admirals, generals and other prominent men.

HANCOCK CIRCUIT COURT
—THE BOARMAN CASE

Judge Birkhead will convene the regular term of Circuit Court at Hawesville next Monday, April 1, and although given two weeks to wind up the business, Judge Birkhead expects to finish within one week.

The only case of importance on the criminal docket is against Noel Boorman, who is in jail charged with the murder of Bert McCarty, station agent of the L. H. & St. L. railroad at Lewisport, last July.

The case was called for trial at the last November term, but was continued for the defendant on account of absence of several witnesses

who, Boorman swore, would state that he was in Christian county, at Crofton, on the night of the murder. One of these is his sweetheart, Miss Ida McKenna, to whose house he says he went but did not enter because he was afraid of her father. Boorman says he went there at daylight.

It is said that the elder McKenna will swear that Boorman was not at his home on the alleged date. The girl says he attracted her attention by throwing stones against the house and that she and her mother went out to him and later brought him his breakfast in the woods, near the house, and saw him eat it there and that after the father went to his work in the field, Boorman visited them in the house.

It is said that Boorman has improved in appearance since placed in jail at Hawesville last August.

SPLendid METHODIST
REVIVAL AT CALHOUN

The Calhoun Star of Friday says: A two weeks series of revival meetings began at the Methodist church in Calhoun, Monday night, conducted by Rev. A. L. Mell, of Beaver Dam, and assisted by the local pastor, Rev. J. T. Cherry.

A splendid choir has been organized by Mr. W. L. Shell, Gospel Song leader, of Marion, Ky., composed of three cornets, one tuba, violins, pipe organ and piano, and twenty mixed voices.

Services are held every afternoon at 2:30 and evening at 7:30 o'clock. Large congregations are in attendance and every business house closes each evening, giving all an opportunity to attend. Much good is expected to result from this meeting.

PITIFUL DEATH OF A
CIVIL WAR VETERAN

Somerset, Ky., March 23.—Otto J. Vaden, an aged man, was found ill while in the depot here, and in a destitute condition. The authorities started to the County Infirmary with him, but he died before they got far from the depot. Physicians announced the cause of his death as double pneumonia.

On his body were found papers showing he served as Corporal in the Tenth Volunteer Infantry, of Ohio, and an honorable discharge was found in his possession, as were naturalization papers taken out in Cincinnati, which showed he was a native of Hamburg, Germany. As no one knew anything about him nor of any of his friends, he was buried in the Potter's field here.

How he came to be in this locality or what he was doing here, no one seemed to know, as he was so seriously ill when picked up here by the authorities he could not make any statement.

Penalty to Soon Go On.

The taxes recently levied by the city council of Hartford are now due and I am ready to collect same. The penalty goes on the first day of April, 1912. So please do not neglect the matter, but get ready to pay now in order to avoid the penalty.

J. P. STEVENS,
Marshal.

A petition for the commutation of the death sentence passed upon the Rev. C. V. T. Richeson for the murder of Avis Linnell will be sent soon to Gov. Foss, of Massachusetts.

MET QUICK DEATH AS HE WAIVED GOOD-BYE

Hand Came in Contact With a
Charged Wire, Grounded
By a Storm.

The Owensboro Messenger says: The instantaneous death of Forrest Lynch, twenty-four years of age, occurred at 6:15 o'clock Thursday morning, when on his way to work at the Glenmore distillery, he turned to wave to Miss Mamie Abel, at whose home he boarded on Hamilton avenue, and his hand came in contact with a fallen wire and caused 2,200 volts of electricity to pass through his body. The wire was a Home telephone wire and had fallen across one of the city light wires and had become highly electrified.

Mr. Lynch, who formerly resided at Patesville, Hancock county, had been employed at the Glenmore distillery for several months and had been boarding at the home of Joseph C. Abel, at 300 Hamilton avenue. He arose about 5:30 o'clock Thursday morning, and after calling his breakfast, started to his work. Miss Abel was at the front door, and following his usual custom, Mr. Lynch turned to wave farewell to her. It was at this time that his hand came in contact with the wire and he was killed.

Both the city light wires and the Home telephone wires are strung on the same poles down Hamilton avenue, the telephone wires being about three feet higher than the light wires. In the high wind of Thursday morning, a large flag was blown from a tree and fell across the telephone wires, causing some of them to break and fall across the light wires and then onto the ground. It was a broken telephone wire that had fallen across the light wire that caused the death of young Mr. Lynch.

ROCKPORT.

March 24.—The Nelson Creek Comedy Co. presented "The Man From Borneo," at the opera house Saturday night. Owing to the rain, only a small crowd turned out. The show is a good one and all the members presented their parts in a creditable manner.

Chief of Police Williams turned detective last Sunday and caught a soft drink dealer in the act of disposing of "near beer" on Sunday. The law prohibits this. The dealer confessed and paid a fine. Rockport is up against the "blue laws" and the lid is on tight.

Mr. and Mrs. Joe Young, of Central City, are the guests of Mr. and Mrs. H. J. Young.

Mrs. A. D. Taylor, Beaver Dam, visited relatives here Sunday.

Prof. S. P. McKinney, Cromwell, passed through the city Sunday.

Fair sized crowds continue to attend the prayer meeting at the Baptist church.

Rev. Albert Maddox, recently of Oklahoma, delivered an interesting lecture at the Baptist church Wednesday night.

CHANGED HER MIND AND
WOULD WED A CUBAN

Evansville, Ind., March 24.—Miss Vernie Robinson, 16, living at Central City, Ky., and Andrew Knight, who says he is a Cuban, came here last night to be married, as alleged, and were met at the station by detectives. The couple are detained at police headquarters until the arrival of the girl's father from Central City. According to the girl's story, her father wanted her to marry a young man named Woods, Saturday being set as the wedding day. She says that while Woods was engaged in securing a marriage license, she determined to come here with Knight.

Petition in Bankruptcy.
With \$1.65 in cash to his credit in bank, William M. Ferguson, a dry goods and grocery merchant of Nortonville, Hopkins county, filed a petition in bankruptcy Thursday in the Federal Clerk's office at Owensboro. This, however, did not constitute his entire assets, as \$1,000 worth of real estate and a stock of goods are also listed. He owes \$1,102.41, \$300 of which is secured by real estate and the remainder is made up of accounts owing to wholesale merchants.

At Berea, O., robbers drilled through thirty-five inches of brick into a bank and looted deposit boxes of \$8,000 in cash and jewelry.

MINERS AND OPERATORS FAILED OF AGREEMENT

And Further Consideration of
the Matter Postponed
to Later Date.

Cleveland, March 22.—Negotiations between the 209,000 miners in the bituminous coal fields of Western Pennsylvania, Ohio, Indiana and Illinois and the operators, for an adjustment of wage differences, late to-night were postponed until next Tuesday.

The postponement followed a conviction expressed by both sides that an agreement at this time for a new two-year wage and working scale to take effect April 1 was impossible.

Mine workers and operators then joined in a resolution that rather than cause a suspension not only in the mines in the four States directly concerned, but in all other union bituminous mines, they would make another effort to agree.

The Policy Committee of the United Mine Workers of America is to meet here Monday to consider the wage dispute of the anthracite miners, but inasmuch as the union delegates to the bituminous conference have not concluded their negotiations, the Policy Committee will have to deal at first only with the anthracite situation.

All of the thirty-two operators left for their homes to-night, but they announced they would return here Tuesday.

Members Company H, Attention!

An election of officers for the Third Regiment has been ordered to be held Friday, March 23. The positions of Colonel, Lieut. Colonel and Major are to be filled. In compliance with orders from the Adjutant General, the members of Company H are directed to report at the armory on above date at 7:30 p. m. There will also be a meeting at 3 p. m.

Members having friends who desire to enlist should urge them to appear for physical examination at this time. All applications for membership should be made before April 10, as after that date they will not have the three months service necessary to entitle them to pay during the coming encampment.

Members who failed to report for inspection on March 13th should immediately file a statement showing why they were absent, as orders from the Adjutant General imply the determination of that officer to deal with those who violate the oath of enlistment without proper cause.

C. B. SHOWN,
1st Lieut. Commanding Co.

BARRETT'S FERRY.

March 25.—Mr. Floyd Lynch, of this place, who has been working in Owensboro for several months past, was killed last Thursday in that city by coming in contact with an electric wire. His remains were brought up on the train Friday and taken to Cane Run church, where his mother and family live, and buried Saturday. His death was quite a shock to his many friends at this place. His mother, sisters and brothers have the sympathy of the entire community.

Albert, the little son of Mr. Clarence Foreman, is quite sick of influenza.

Mr. Palmer Loyd, who has been working in Indiana for the past six months, returned home last night.

DR. GEO. HAYES PASSES
AWAY AT HENDERSON

Rev. George Henry Hayes, D. D., one of the oldest and most noted Southern Methodist divines, died of old age, at 8:50 o'clock Monday morning, at his home in Henderson. Dr. Hayes had been in feeble health for some time, and his death had been expected. He was 81 years old.

Dr. Hayes was the son of William and Sarah Hayes, and was born in Virginia, May 25, 1831. He moved to Kentucky in his infancy and located at Brandenburg. He joined the Louisville conference in 1851 and was married to Miss Hannah Kincheloe, September 6, 1855. Dr. Hayes was a member of the Methodist conference for over 61 years. He was the presiding elder of the Henderson and Russellville districts for 21 years, and in 1901 he was placed on the superannuated list.

Dr. Hayes was also presiding elder of the Owensboro district for

many years, making Owensboro his place of residence during that period.

He is survived by his wife and five children as follows: Dr. J. K. Hayes, of Hanson; Dr. E. L. Hayes, Owensboro; Mrs. Robt. H. Trigg, of this city; Mrs. Robert H. Trigg, of Henderson, and Miss Clara M. Hayes, of Henderson. He is also survived by one brother, Rev. R. F. Hayes, of Hopkinsville, and one sister, Mrs. Bette Collins, of Russellville.

NEGRO QUICKLY HANGED
BY DETERMINED MOB

Fort Smith, Ark., March 23.—Five hundred men, failing to batter down the doors of the county jail with a steel rail after an hour's effort, tore the bars from a window, dragged out a negro, whose name is unknown, and hanged him. The negro had shortly before shot and probably fatally wounded Deputy Constable Andrew Carr. The mob dragged the negro, praying for mercy, through the town's principal streets, stinking him up in front of a hotel in the glare of electric lights. The mob dispersed, the negro was cut down and quiet was restored.

QUESTION ABOUT RIVER
IS DECIDED ONCE MORE

Judge William Ridley, in the Eastern Circuit Court at Corydon, Ind., held in that court that the courts of Indiana have jurisdiction over matters originating on the Ohio river, even in a case in which a boat near the Kentucky shore is tied to an object on the Kentucky bank. The Statutes of Indiana give to counties on the Ohio river jurisdiction over civil and criminal matters occurring on the river, and Judge Ridley holds this to be good in cases affecting a boat that is tied to the Kentucky shore.

The ruling was made in a case in which Mrs. Minnie Lingenfelter, of New Amsterdam, sued the Kentucky and Indiana Packet Company for \$100,000 damages on account of the death of her husband, Alvin Lingenfelter, who, it was alleged, was drowned while assisting to load a boat of the company. The attorneys for the company alleged that the boat was near the Kentucky shore, and contended that for this reason the court had no jurisdiction. This contention Judge Ridley overruled.

WHAT'S SAUCE FOR GOOSE
IS SAUCE FOR GANDER

The Roosevelt people are howling for preferential primaries in all the States, regardless of the fact that many of the States have no primary laws, and that Congress has nothing to do with it, and each State is a law unto itself concerning primaries or conventions. The Roosevelt people forget that in the campaign for the nomination in 1908, when Roosevelt was attempting to nominate Taft, that he played the same game that Taft is now playing and which his followers are howling about. If they had held primaries then, the chances are that some other Republican would have been nominated at Chicago instead of Mr. Taft, but Roosevelt used every particle of his Presidential patronage to compel Taft's nomination and the Taft people now say that what is sauce for the goose is sauce for the gander.

SPEAKER CLARK
IS STEADILY GAINING

In many of the press accounts giving the number of delegates that have already been instructed for the different candidates, it has appeared that Speaker Clark has only five delegates from Oklahoma. This erroneous impression is probably due to the misunderstanding that Oklahoma under the reapportionment bill enacted by the last session of Congress, gives Oklahoma three additional members of Congress. Oklahoma will have 24 votes in the national convention, of which 10 will be for Clark. This number, with the 36 from Missouri already instructed, and the 20 Kansas delegates now assured, will make the Speaker's strength 66 instead of 61 as stated.

RICH OIL STRIKE NEAR HARTFORD

Another Vein at a Depth
Of 870 Feet.

IS OF MUCH BETTER QUALITY

And More Copious Flow Than
Former Strikes—Will
"Shoot" Well.

MEANS MUCH FOR HARTFORD

NOTE—The following article was written yesterday morning, from information then at hand. Shortly after noon yesterday a telephone message from the oil well stated that after drilling all night, another and much greater flow of the same oil had been struck and that it seeped in the well as fast as it could be dipped out, forecasting that the bestest anticipations in regard to the enterprise have been realized. It will hardly be necessary now to "shoot" the well.

Another and finer flow of oil has been struck in the oil well being drilled by the West Kentucky Oil Co. near Hartford, and the prospects are also for a "winner." This oil was struck at a depth of 870 feet, in a line strata of oil-bearing sand. Just before striking this oil the drillers went through eight feet of the hardest limestone they have yet encountered. This is the fifth strata of oil-bearing sand they have struck in their operations.

The new oil is of a much better grade than any they have yet discovered and is said by experts to be fully equal in quality to the Pennsylvania oil. It is thought that the present strike would flow about 25 barrels a day, but under directions of the company the drillers are still going down and expect to continue until they strike another strata of oil-bearing sand and will then "shoot" the well. To do this about forty or fifty quarts of nitroglycerine will be lowered into the well and touched off with an electric spark. This powerful explosive will probably be obtained at Princeton, Ind., and brought through overland in a buggy, as the dangerous properties of the stuff demand extra care.

The effect of this shot at the bottom of the well will hardly be noticed at the top only by a quivering of the earth, but it will shatter the rock in all directions and tear things up down below. About 400 feet of the iron casing will be removed before the shot is fired. This will loosen up any "pockets" of oil near by and start the flow from all directions. Then the casing will be put back as far as needed and the well will be ready for operation.

The striking of oil here and the fine quality of the product is a sure indication that there is plenty of oil in this region, perhaps a better opportunity for a much bigger flow near by. The managers of the enterprise are much elated at the prospect and Hartford citizens in general are much interested in the matter, for the striking of this oil means much for Hartford and this section. It will bring investors of various kinds here and open up business in a general way.

The well is situated about five miles from Hartford, near the local M., H. & E. railroad.

BRADLEY SAVES DAY FOR
THE ROY CORN GROWERS

Washington, March 22.—Kentucky boys who are anxious to win the Government's national corn prize were put back into competing territory by Senator Bradley. It was not generally known that they had been omitted, but such was the case through an error in the department of agriculture. Complaints that Kentucky was not listed in the contest were filed with Senator Bradley, and he at once took up the matter with Secretary Wilson. The secretary said that the mistake was unintentional and Kentucky was restored to the list. Any boy in her borders may go to work to win the record for corn growing and a trip to Washington.

105 MEN DEAD IN COAL MINE

Explosion Was Far Down
in the Pit of

SHAFT OF OKLAHOMA PLANT

Rescuers Abandon Hope of
Saving But Few of the
Imprisoned Men.

COFFINS ALREADY ARRIVING

McCurrah, Okla., March 20.—One hundred and five lives is accepted to-night as an approximately correct estimate of the human toll taken this morning, when mine No. 2 of the Sans Bois Coal Company here was wrecked by an explosion.

Of 116 men of the day shift, only eleven are known to be alive, while the others are entombed behind the debris. In the opinion of Government experts and mine officials, they are dead, and a special train, which brought physicians and nurses from Fort Smith, Ark., to-day, returned to-night.

Five physicians remained with the faint hope that some of the imprisoned men might be found alive. Among those unaccounted for are a surviving party, headed by W. D. Poper, of Okla., South Carolina. Forty-five Americans were employed in the mine.

A systematic search of the wrecked mine began early to-night, under the direction of Government experts. Up to 9 o'clock five bodies had been recovered, and thirty-five others located. At that hour the rescuees had reached the elevator level, but here their progress was retarded by a mass of coal, earth and twisted timbers.

The explosion occurred shortly after 9 o'clock this morning and according to an official statement from the offices of the Fort Smith and Western Railway Company, owners of the property, about 100 men were employed in the mine. Whether gas or coal dust caused the explosion has not been determined.

Eight of the men who escaped alive were at work in the mule stables and made their way to the surface through the passage used for the cars. The first party of volunteers to enter the mine at noon found five others badly injured in a wrecked entry. Three of these probably will die.

After their first survey of the wrecked mine, Government experts expressed the opinion to-night that all of the men imprisoned are dead and seventy-five coffins were ordered shipped to the grief-stricken mining camp. Mayor Bourland of Fort Smith has issued an appeal for aid for the families of the victims.

Thirty-Nine Bodies Recovered.
McCurrah, Okla., March 21.—At noon to-day thirty-nine bodies had been taken from the Sans Bois mine, which caved in here after an explosion of gas or dust yesterday. Many of the bodies were so badly mangled as a result of the force of the explosion or so badly burned in the fire that broke out a few minutes later that identification probably will be impossible.

Twenty-four miners were rescued alive. Estimates of those remaining in the mine vary between twenty-nine and fifty-three. Experts on the ground hold out little hope that any in the mine at noon to-day would be brought out alive.

Forty-Nine Rescued.
McCurrah, Okla., March 21.—Forty-nine more miners entombed by the explosion and cave-in at Sans Bois mine No. 2 here yesterday were rescued to-day. This makes the total number who have come forth alive twenty-five, out of the shift of men at work at the time of the disaster, the estimates of the number of whom varies between ninety-two and 116.

Total of 107 Recovered.
McCurrah, Okla., March 21.—At midnight to-night 107 of the 116 men at work in Sans Bois mine No. 2 when the property was wrecked by an explosion yesterday had been accounted for. Twenty-six of the number were rescued alive, one has since died, fifty-two bodies have been recovered and twenty-nine have been located.

Ralph Kenny, 16 years old, son of a local minister, was a member of the party that was rescued alive to-day. Partly insensible at first, he shortly came to himself and smiled as he told of the night in the small pump room, where he and fourteen other choking men fought for gasps of fresh atmosphere from air pipes. Then a pallor spread over his face, his form quivered, and before outstretched hands could seize him, his body sank to the floor. Helpers

looked at him and at each other. He was dead.

DROPPING BOMBS FROM BALLOONS IN ENEMY

London, March 22.—Stalls of the attack by Italian dirigible balloons yesterday on the Turkish camp at Suani-Ben-Aden are given in a special dispatch received to-day from a correspondent with the Turkish forces. He says the two Italian dirigibles carried out two reconnaissance over the Turkish lines, dropping bombs as they proceeded.

The airships were under perfect control. They stopped almost still over the coast town of Zanzur, about fourteen miles west of the city of Tripoli, and dropped a bomb into the street. Four persons were killed by the explosion and ten others wounded, all of them noncombatants.

The balloons made a complete tour of the Turkish camps, but a sustained rifle fire from the Turkish infantry compelled them finally to swerve off and disappear. In the course of their second visit the airships succeeded in dropping thirty bombs, according to the correspondent, who does not give any particulars as to the casualties.

L. & N. SOON TO BEGIN LAYING OF HEAVY RAILS

All of the rails that are to be used in the reconstruction of the L. & N. tracks between Livermore and Owensboro have been distributed along the right-of-way and the work of relaying the track will be started just as soon as the weather will permit. The improvement will be a vast one, as the track at this time is in a very bad condition, and the new rails will be of a heavy weight, while the old rails were only fifty-six pounds.

It is expected that the work of relaying the tracks will take several weeks and that the physical condition of the road will be greatly improved by the new track.

THE TRADITION IS PASSED UP

That Government's Income Must Come

WHOLLY FROM CONSUMERS

And People of Wealth Are
Asked to Bear Burdens
of Taxation.

IT IS NOW UP TO THE SENATE

(By C. H. Tavenner.)

Washington, March 22.—Will it be possible to transfer the \$53,000,000 sugar tax from the breakfast table to the shoulders of the rich? Are the people sufficiently in control to accomplish this end?

These questions are being asked everywhere. The status of the situation is this:

The Democratic House, true to its promise to reduce the cost of living in this country, has passed a bill repealing the \$53,000,000 tax on sugar and another taxing incomes in excess of \$5,000.

The bills will go to a Republican Senate. If the progressive Republicans vote with the Democrats, both bills will pass the upper body.

The fate of the two measures will then rest with the President. If Mr. Taft accepts the advice of those about him, who were described by the late Senator Duffell as being "men who know exactly what they want," he will veto the bills.

Protectionists oppose an income tax for two reasons: 1. They are rich as a class and, like other humans, have no desire to pay more taxes than necessary. 2. Protectionists know that if this country, like Great Britain, France, Germany, Holland, Switzerland, New Zealand, Australia, Denmark and many others, gets into the habit of raising revenue by taxing wealth instead of the things the people must have in order to live, the tariff tax which gives them monopolies on the particular commodities in which they deal, will be reduced, which would be damaging to the nice fat dividends, particularly to such "American industries" as the Sugar Trust, the Steel Trust, the Woolen Trust, the Harvester Trust and Mr. Rockefeller's Oil Trust. High protectionist politicians receive stupendous sums as campaign funds from the tariff trusts, and money is a mighty handy thing in campaigns. The income tax is a menace to the citadel of high protection, so why should protectionists countenance an income tax?

The greatest importance of the Democratic program providing for the abolition of the sugar tariff and the imposition of a tax on incomes in excess of \$5,000 is that it breaks away from the tradition that the Government's income must of necessity be derived wholly from the things the people eat, wear or use, a tradition which has been responsible for wealth not bearing its just proportion of the burden of federal taxation, and a tradition which has been responsible for so many tariff outrages through so many years. Regardless of whether the bill is vetoed by President Taft, there is little question that the Democrats have opened the way for its enactment when another man is in the White House.

LANDSLIDE FOR THE EXCISE BILL

Eighty Republicans Go
Over to Democrats

TO PUT AN INCOME TAX LAW

On Statute Books—Leader
Underwood Held His
Majority Intact.

SOME FREE WOOL OPPOSITION

Washington, D. C., March 21.—By a vote of 252 to 40 the House yesterday passed the excise tax bill extending the corporation tax to firms, copartnerships and individuals engaged in business and who have an annual net income of more than \$5,000. Nearly two-thirds of the Republican side voted for the Democratic measure, 80 Republicans casting their votes in the affirmative.

The 40 votes in the negative were entirely those of Republicans. With the exception of Representative Longworth, of Cincinnati, all the Republican members in the Ohio, Kentucky, Indiana and West Virginia delegations joined the Democrats to increase the majority for the bill.

General debate on the measure engaged the House Saturday and yesterday, the bill going under the five-minute rule to-day and a vote being reached early enough in the day to permit the passage of the Rivers and Harbors appropriation bill before the House adjourned.

According to Representative Underwood, of Alabama, the bill, if enacted into law, accomplishes in the main all the purposes of a general income tax law, escaping the disapproval of the Supreme Court as, he contends, it keeps within the principles laid down by the Court in sustaining the constitutionality of the corporation tax act. The bill is so drawn that the Democratic leader contends that it is constitutional and that very few who earn over \$5,000 can avoid the one per cent tax.

Democratic Leader Underwood held his majority intact through the passage of the bill. Not one Democratic vote was cast against it and the measure was passed exactly as framed.

With the free sugar bill and excise tax bills out of the way, Democratic members of the Ways and Means Committee are free to tackle

again the wool schedule, which is considered the knottiest problem they have to deal with at this session of Congress. The committee will begin work with the free raw wool sentiment strong.

Chairman Underwood is known to be opposed to a free wool bill because he thinks the revenue lost from raw wool, approximately \$21,000,000, could not be raised by putting a duty on raw silk and raw rubber. The anti-free wool Democrats say they can demonstrate this.

Check a bilious, half-sick feeling before it gets serious. A dose of HERBINE is the remedy. It restores energy, appetite and cheerful spirits. Price 50c. Sold by Hartford Drug Co., Hartford, Ky., Donovan & Co., Beaver Dam, Ky.

TEXT OF NEW ACT GIVEN BELOW

Provision Made For the Nomination of Party Candidates For United States Senator by a Preference Vote—Candidates For Elective Offices to Be Named at Primary Elections—Regulations and Penalties Prescribed.

(Concluded from last week.)

Counting of Ballots.

Sec. 25. Refers to the counting of ballots and certifying returns, which is to be done in the same manner as is provided, or may hereafter be provided for counting, certifying and signing the official returns in the general elections. Officers of election shall count the number of ballots cast by each political party, and shall keep them separate so that all the ballots belonging to one party shall be in one bunch and the ballots belonging to another party in another bunch, and so on as to all parties who participate in such primary election. These boxes, sealed, shall be turned over to the county clerk, as is now provided at a regular election. Where a contest has been instituted and not disposed of, the ballot boxes shall not be opened by said clerk until after said contest has been finally disposed of.

Canvassing Returns.

Sec. 26. This section regulates canvassing of returns and certificates of nomination. On the third day after the close of any primary nominating election the county election commissioners of each county shall proceed to canvass the returns of said primary elections and tabulate the same. Such tabulation of votes for nominations for United States senator and for all other candidates for office whose nomination papers are now, or may hereafter be required to be filed in the office of the secretary of state, shall be made on one separate sheet for each political party, and shall be immediately transmitted to the secretary of state. The tabulation of votes for all offices for which nomination papers are required to be filed in the county court clerk's office shall be in another separate sheet of paper for each political party and shall be filed in the county court clerk's office immediately after the canvass of the returns and tabulation of the votes by said election commissioners and certificates of nomination shall immediately issue to the persons receiving the greatest number of votes for the offices for which they were candidates. The secretary of state shall, not less than 20 days before the day on which the general November election is held, certify, under the seal of his office, the persons whose names are entitled to be printed on the official ballot at the November election as the candidates of the various political parties for offices to be filled at such election, and who have been nominated as herein provided. He shall make and transmit by registered mail a duplicate of such list and certificate of nomination of candidates for offices to the county clerks of every county in the state where the candidate is to be voted for by the state-at-large, and he shall so transmit the names of such candidates to the county court clerks of each and every county in the district in which such candidate is to be voted for by a district smaller than the state.

On the fourteenth day after such primary nominating election the county election commissioners of the largest county in each legislative district in the state that is composed of two or more counties, shall assemble at the county clerk's office in said county and canvass the returns that have been certified by the election commissioners of each county in such district for state senator and for representative, and they shall issue to the person receiving the greatest number of votes for the office for which he was a candidate a certificate of

nomination, which certificate shall, not less than 15 days next before the election is held, be filed in the office of the county clerk of each county comprising such legislative or senatorial district. On the fourteenth day after such primary nominating election the state board of election commissioners shall meet at the Capitol and canvass the returns of said primary election that has been certified and filed with the secretary of state for all the political parties entitled to participate in such primary nominating election, and after they have completed the tabulation and canvass of the returns of said primary nominating election they shall immediately certify to the same, and they shall issue to the candidate of each political party receiving the highest number of votes for the office for which he was a candidate a certificate of nomination, which certificate shall, not less than 30 days next before the day on which the general election is held, be filed in the office of the secretary of state.

Court Review.

Sec. 27. Whenever it shall be made to appear by affidavit filed in the circuit court that an error or omission has occurred, or is about to occur, in the placing of any name on an official primary ballot, or that an error or wrong has been committed, or is about to be committed, in printing such ballot, or in the performance of any duty imposed by this act, the court shall order the officer or person charged with such error, wrong or neglect, forthwith to correct the error, desist from the wrongful act or perform the duty, or show cause why he should not be compelled to do so. Failure to obey the orders of the judge or court shall be contempt of court and punishable as such. If the circuit court be not in session in the county the circuit judge shall hear and determine the complaint in vacation unless he be absent from the county, in which case said affidavit shall be filed before the judge of the county court, who shall have full power to hear and determine the complaint and make appropriate orders thereon. The orders of a court or judge under this section shall be final and not appealable. Only candidates may institute proceedings under this section. In case a charge under this section is directed against the secretary of state or any other state officer, the affidavit shall be filed in the Franklin circuit court.

Contests.

Sec. 28. Any candidate wishing to contest the nomination of any other candidate who was voted for at any primary election held under this act shall give notice in writing to the person whose nomination he intends to contest, stating the grounds of such contest, within five days from the time the election commissioners shall have awarded the certificate of nomination to such candidate whose nomination is contested. Said notice shall be served in the same manner as a summons from the circuit court, and shall warn the contestee of the time and place, when and where the contestee shall be required to answer and defend such contest, which shall not be less than three, nor more than 10 days after the service thereof. Such contest shall be tried by the judge of the circuit court of the county in which the contestee resides or is served. Upon return of said notice, properly executed as herein provided, to the office of the circuit clerk of the county in which said contestee resides or is served with such notice of contest, it shall be the duty of the clerk of the circuit court to immediately docket said cause and to immediately notify the presiding judge of the circuit court of said county that such contest has been instituted; provided, that in counties constituting separate circuit court districts and having more than one circuit judge, the judge who shall hear and determine such cause shall be determined by lot. In trying such contests the court shall hear and determine all questions of law and fact without the intervention of a jury, and may examine the witnesses orally or require the parties to take the evidence by depositions, in the discretion of the court, or as may be agreed by the parties; provided, however, that if the evidence is taken orally either party may have the right to require it to be taken by the official stenographer or reporter for the court.

The court may require the contestant, or the person who has the burden of proof under the issues joined, to complete his proof in not less than five days, and the contestee, or the person not having the burden, to complete his proof in not less than five days thereafter, and each party may be given one day additional for producing evidence in rebuttal, and no greater time shall be extended unless the court be satisfied that the ends of justice demand it. The court shall, immediately after the evidence is concluded, consider said contest and determine the same, and his judgment shall be filed in the office of the circuit court clerk and shall have the same force and effect as a judgment rendered by the court in term time. The party desiring to appeal from the judgment of the court shall, on the same day, after the same is rendered, execute a supersedeas bond in the same form and to the same effect as other supersedeas bonds in other civil actions for an appeal to the court of appeals.

In Court of Appeals.

In the event of an appeal to the court of appeals it is required that the original papers in said contest, including such transcript of evidence as may be furnished or as may be required by the court or by the parties,

shall be transmitted to the clerk of the court of appeals, which record shall be delivered to the chief justice, and said contest shall have precedence over all other business and causes then pending in the court of appeals, and shall be heard and disposed of by the court of appeals as speedily as the exigencies of the case will admit.

If on the trial of such contest the issue is finally decided in favor of the contestee this fact shall be certified to the secretary of state and to the county court clerk of the county in which the cause is finally determined. If said contest is finally decided in favor of the contestant, this fact shall be certified to the secretary of state and to the clerk of the circuit court of the county in which the contest originated; and if the contest was of a nomination that is required to be certified to the secretary of state, then the secretary of state will place the name of the successful contestant on the ticket in the place of the name of the contestee to be voted for by his political party at the succeeding November election. If the nomination is one that is required to be certified to the county clerk, the county court clerk or clerks of the county or counties in which such candidate is to be voted for, shall place the name of the successful contestant on the ballot of his political party in lieu of the name of the contestee, to be voted for at the succeeding November election; provided, however, that when the contests provided for in this act shall be for nomination to offices for the state-at-large, the notice of the contest shall be filed and the contest tried in the Franklin circuit court; but shall otherwise be subject to the provisions of this act.

Sec. 29. Election Supplies and Expenses.—All the supplies or holding said primary elections, and all the expenses of such primary elections shall be furnished and paid for in the same manner and by the same authority as the like supplies and expenses of the general elections. Officers shall receive the same fees for services rendered in the holding of the primary nominating election as are paid for the same or similar services in holding the general election, and payable in the same manner and by the same authority. Sec. 30 provides for fees for services of county clerks.

Sec. 31. Forgery of Signatures.—Any person who shall forge any name of a signer to a nomination paper shall be guilty of forgery and, on conviction, be punished accordingly.

Sec. 32. Suppression of Nomination Papers.—Any person who, being in possession of nomination papers entitled to be filed under this act, shall wrongfully either alter, mutilate or suppress, neglect or fail to cause the same to be filed at the proper time in the proper office, shall be guilty of a misdemeanor, and on conviction be punished by imprisonment in the county jail not to exceed six months, or by a fine not to exceed \$500, or both such fine and imprisonment.

Penalties.

Sec. 33. County Clerk—Penalty Against for Wrongful Acts.—The county clerk shall be under the same duties and subject to the same penalties for failure to perform same, with reference to printing the ballots at a primary election held under this act as now is with reference to the November elections. Any county clerk who shall knowingly cause to be printed on any official primary ballot the name of any candidate who has not filed the nomination paper required by this act, or who shall knowingly fail to cause the name of any candidate who has complied therewith to be printed upon the ballot, or who shall knowingly cause to be printed upon the ballot for the regular election the name of any political party embraced in this act who was not nominated in the manner provided in this act, shall forfeit his office and be guilty of a felony, and upon conviction be confined in the penitentiary for not less than one year nor more than three years.

Sec. 34. Secretary of State—Penalties Against for Wrongful Acts.—Any secretary of state who shall knowingly certify to the county clerk of any county the name of any candidate who has not filed the nomination paper provided for by this act, or who shall knowingly fail to certify the name of any candidate for whom the proper nominating paper has been filed with him as herein provided, or who shall knowingly certify to any county clerk the name of any candidate of any political party embraced in this act, to be printed on the ballots for the November election, who was not nominated in the manner provided in this act, shall forfeit his office and be guilty of a felony, and upon conviction be confined in the penitentiary for not less than one year nor more than three years.

Section 35. Penalties.—Any act or deed denounced by the general laws of the state concerning elections shall also be an offense under this act, and shall be punished in the same form.

Sec. 36. Applies the rules of general elections to primaries.

Sec. 37. Repeals all acts or parts of acts inconsistent with this act.

Sec. 38. Emergency Clause.—Whereas, under the provisions of this act the full time allowed for the circulation and signing of petitions for nominations and for filing same is such as to make it doubtful whether the primary election under this act could be held in the year 1912 if the act is not required to take effect until 90 days after the expiration of this session of the general assembly, an emergency is hereby declared to exist, and this act shall take effect and be in force from and after its passage and approval.

A SHARP DEMAND FOR FIVE-DOLLAR CIGARS

They Are Sixteen Inches Long
and There is a Big Demand
For Them

The demand for cigars selling at \$5 each is so great that it cannot be supplied, according to B. F. Alexander, a cigar salesman of Havana, Cuba, who arrived in St. Louis yesterday.

"We could dispose of 10 times as many five-dollar cigars if we were able to turn them out," declared Alexander at the Planters' Hotel. "The difficulty is in the wrapper, which must be very large."

"You are likely to sort 100 bundles of tobacco and find only 100 wrappers suitable for this kind of a cigar."

From a sample case containing 162 different sizes and prices of cigars Alexander took one of the five-dollar brand, known in the trade as "promonties," just as the twenty-five-cent straights are called perfectos.

One feels like taking off his hat and bowing as the apex of nicotine luxury comes into view. It looks more like a yellow-colored Roman candle than a cigar. In size it is between 15 and 16 inches long, and 1,000 will contain 120 pounds of tobacco, as compared with 14 pounds to 1,000 perfectos.

"These are bought mostly by people who enjoy the novelty of smoking such a cigar," said Alexander. "Tanquets and smokers attended by wealthy men are the best buyers of the five-dollar kind. The one place in the world which takes more than any other is Heidelberg, Germany."

"The students at the university there never seem to get enough of them. I have been told that besides buying them for smoking in the ordinary way, they sometimes will put one of these into a water pipe of the Oriental type, then five or six students will get around the pipe and smoke it."

Size does not always indicate value, according to Alexander. One insignificant little cigar which most people would take for a "stogie" really sells at \$1.50, while a larger and prettier one sells for a beggarly 50 cents each.

"These stories about the big financiers of the East and of Europe smoking cigars a foot long are all bosh," declared the salesman. "While they pay as much as \$3 and \$4 apiece for their cigars, these are, generally speaking, of the ordinary quality and size. The cost is in the extra quality of the wrapper and filler, not in the size of the cigars. Such cigars generally are made to order."—(St. Louis Republic.)

C. A. Glossner, 24 Ontario St., Rochester, N. Y., has recovered from a long and severe attack of kidney trouble, his cure being due to Foley Kidney Pills. After detailing his case, he says: "I am only sorry I did not learn sooner of Foley Kidney Pills. In a few days' time my backache completely left me and I felt greatly improved. My kidneys became stronger, dizzy spells left me and I was no longer annoyed at night. I feel 100 per cent better since using Foley Kidney Pills." Tonic in action, quick in results. Try them. FOLEY KIDNEY PILLS
FOR URICACID KIDNEY AND BLADDER

The Hartford Herald

HEBER MATTHEWS, FRANK L. FELIX,
EDITORS.
FRANK L. FELIX, Pub. and Prop'r.

Entered at the Hartford post-office
as mail matter of the second class.

Let us forget the recent hard,
cold winter and let the spring frogs
do the croaking.

The Republican standpatters or
reactionaries and the Republican
progressives are still hammering
each other, to the delight and de-
lectation of all Democrats.

The Philadelphia Bulletin asks:
"Is the electric chair an 'end' seat?"
Sure. But the performance is sel-
dom accompanied by any "end
man" specialties.

So far, the race for the Demo-
cratic nomination for President is
moving along smoothly with the
best of feeling on all sides and the
various entries seem nearly bunched.

It is said one of our local apia-
rists is meeting with considerable
success in raising a new strain of
honey bees. He has crossed up his
honey-makers with lightning bugs,
thus removing the sting and enab-
ling them to work both day and
night.

Gov. McCreary vetoed the "anti-
slipping" bill as an encroachment
upon personal liberty. And matters
will remain as of you—when you
stop at most any first-class hotel in
the State for any length of time and
fail to tip your waiter, you will
probably discover the difference.

Teddy quickly recovered his hat
from the ring and it seems appar-
ent that he has been passing it
around for personal campaign con-
tributions, as it is reported the
Roosevelt movement is being back-
ed by plenty of money.

At the Roosevelt rally at Fords-
ville recently, one of the speakers
yelled that the only wrong thing
Teddy ever did was to foist Taft
upon the country, but that it was
thought that he (Roosevelt) was
now trying to make amends for this
great wrong—by substitution of
himself, it is supposed.

President Grant had his war rec-
ord to boost him in his third term
ambitions, but Mr. Roosevelt has
nothing of the kind to fall back on.
His idea that he is the tribune of
the people is not acceptable even by
thousands of his own party, and
his candidacy is destined to end in
a fiasco, leaving nothing behind ex-
cept the echo of a fog horn.

The Hartford Republican first
quoted Col. Bradley as saying that
there were three classes of Roose-
velt leaders in Kentucky, viz: "Men
who have been kicked out of office,
or compelled to resign from office,
or who failed to get an office." In
quoting this matter again in its last
issue, the Republican omits the sec-
ond party—the fellow who was
"compelled to resign from office."
Why this discrimination, and why
does this matter affect the Hart-
ford organ of the g. o. p. so seri-
ously?

It will perhaps be remembered by
some of our older voters that when
the "protection" was removed from
quinine, the cry went up from the
protected manufacturers of this
product that they would be "ruin-
ed." The same sort of wall is now
emanating from the sugar industry
in this country against the removal
of the tax on sugar, reducing the
price to the consumer approximat-
ely two cents a pound. But the qu-
inine manufacturers are still going
and making money and the sugar
houses will continue to do the same
thing.

As a fair view of the political sit-
uation and not discounting the
claims or popularity of any other
candidate, one is not surprised at
the steady gains being made by
Speaker Champ Clark, as among the
candidates for the Democratic nom-
ination for President. Speaker
Clark is an able man—abundantly
able to be President—and his long
experience in the political arena
splendidly equips him for the place.
A Kentuckian by birth, Kentuck-
ians are inclined to be partial to-
wards him. At the present he
seems to be making greater gains
than any of the other candidates.

Meanwhile, in the fierce scrap
between Taft and Roosevelt, what
is to become of the negro voter?
Most everybody knows. The office-
chasing leaders of the Roosevelt
forces would not give the negro an
office to save his neck, and the Taft
forces, who are in possession of the
offices, will pull for the negro vote,
but have no offices to divide with
him. As usual, he will be used as a
mere tool by both sides, his ability
to cast a vote being the only con-
sideration in the matter. How long

—oh, how long—will the negro
continue to endure his present po-
litical environment?

HIS EYES ARE OPENED.

It will be remembered that in the
race for Governor in Kentucky last
year, the Republican leaders con-
sidered it the height of impudence
and slander for anybody to even
hint that Judge E. C. O'Rear was
insincere in any of his ideas or
speeches. He was held up to be a
model of all that was good, pure
and righteous in politics, and a
question of his insincerity along any
line was considered an insult. No-
body doubted Judge O'Rear's abili-
ty nor the fairness of his judicial
mind, but the pressure of the cam-
paign seemed to bring out the fact
that he was not especially fitted for
Governor. His public utterances,
coupled with his well known party
environment, did not appear to be
on a parity. But—to the point.
The following from the Morgan-
town Republican, in its last issue,
is evidently the sentiment of a soul
whose political eyes have been open-
ed. Under the heading of "O'Rear
Blunders," the Republican says:

"The Republican supported Hon.
Ed C. O'Rear for the nomination
for Governor and on through the
general election because we believed
that he was the best man, meas-
ured by every standard, nominated
by any party for Governor. We be-
lieved at the time that some of his
pet measures were fraught with
danger, but we had implicit confi-
dence in the man, and fought des-
perately the cry of his 'insincerity'
raised by the Democrats. Now we
frankly admit that we are about
ready to believe that the charge was
in a measure true. Judge O'Rear
positively declared for the re-nom-
ination of President Taft and accept-
ed the nomination and made the
race for Governor on a platform
declaring for the re-nomination of
the President. Now he has chang-
ed and is supporting the fallacies
of Roosevelt. Is he or is he not in-
sincere? We still highly esteem
and admire Judge O'Rear, but think
that he should take a stand on
something and stand long enough
to be counted one time."

You could not please us bet-
ter than to ask your doctor
about Ayer's Cherry Pectoral
for coughs, colds, croup, bron-
chitis. Thousands of families
always keep it in the house.
The approval of their physi-

anything better than Ayer's Pills for cor-

SAYS "OCEANS OF MONEY"
BEING TURNED LOOSE

In Kentucky for Roosevelt—
Senator Bradley Speaks
Out in Meetin'.

Washington, March 23.—Senator
Bradley is not the kind of man to
get frightened over the use of a
reasonable amount of "Long Green"
by the opposition in Kentucky, nor
is he frightened now. He is simply
amazed at the reports that are com-
ing to him of the money that is be-
ing turned loose in the Blue Grass
Commonwealth in the interest of
Col. Roosevelt.

"There are simply oceans of it,"
said the Senator to-day. "It's our
worst handicap. I am getting re-
ports from every locality in Ken-
tucky and I speak advisedly when I
say that oceans of money are being
turned loose in aid of Col. Roose-
velt's candidacy."

"The opposition is so well financ-
ed that it is hiring men to travel
over many of the counties and get
in close touch with the people."

"President Taft's friends in Ken-
tucky have no money to carry on
such a house-to-house canvass. Our
friends must depend upon seeing
the people when they come into the
towns."

"While I am not one of those
who minimize the importance of
house-to-house campaigning, I am
still confident that Col. Roosevelt
can not get many of the delegates
in Kentucky, and I shall not be sur-
prised if President Taft receives a
solid Kentucky delegation to Chi-
cago. But as I said, the Roosevelt
organizers have oceans of money to
propagate their campaign in Ken-
tucky."

Country Residence Burned.

The residence of Mr. Lon Ste-
vens, who lives about one and one-
half miles East of Hartford, was

o'clock Wednesday morning. Mrs.
Stevens was away from home and
her husband had kindled a fire in
the kitchen stove and gone to the
barn to feed his stock, when he dis-
covered the fire, and before he
could reach the house, the building
had fallen in, destroying practically
all of the household goods.

TOM ALEXANDER

This general purpose horse will
make the season of 1912 at the Fair

by few, surpassed by none. As an
individual he is a "corker." Was
bred and foaled on the famous Alex-
ander Stock Farm near Owensboro,
Ky. Dark bay, coming 8 years old
163 hands high, weighs 1285 lbs,
Sound. His breeding is unquestion-
ed. He has size, style and action to
let. He has finish, manners, intelli-
gence, disposition. As the boys say,
"He Sure is Some Horse." Come

This fellow has been with us five

of size, bone and build—"all you
want." You will fall in love with
him at first sight. Talk about "Reli-
ability," why that's his middle name.
You like courteous treatment when
you get it. When a man tells you a
thing is so and you find it to be so,
your faith in him begins to grow. If
he tells you time after time that things
are so, and you always find the mea-
sure of his promise filled right up to
the brim, in time you take his word at
its face value. This is the right way,

Stricken With Paralysis.

Mrs. Mary A. Duke, who was stricken with something like paralysis while seated at the breakfast table last Saturday morning, has never regained consciousness and is thought to be gradually sinking. Unless she should take a turn for the better it is thought that she can survive but a few days, at most. Her husband, Mr. S. B. Duke, and daughter, Miss Gladys Duke, had finished breakfast and left the table. Soon after her daughter heard

a noise in the dining room and ran to ascertain the cause and on reaching the dining room, found that her mother had fallen from her chair. Mrs. Duke was picked up and placed on her bed but up to the hour of going to press last night, had never regained consciousness. This is the third like affliction, but heretofore the attack was of only a short duration.

DEMOCRATS ARE MAKING RECORDS IN CONGRESS

While there is very little going on in Congress just now that can be considered worthy of a big news feature, the Democrats are going right along and following out their program as mapped out by the first caucus. Every time they submit a bill reducing the tariff, they put one over on the Republicans because whether the Republican Senate kills the bill or a Republican President vetoes it, it all amounts to the same thing so far as the people are concerned and the people will recognize the fact at the polls next November.

TAFT TO REVIEW A TOBACCO CASE

Where Eight Kentuckians
Were Fined.

CANTRILL AND ROUSE APPEAL

Brings Attorney Wickersham
To a Different Way
Of Thinking.

SAY TRUST LAW VIOLATION

Washington, March 21.—The President will review the cases of the eight Grant county, Kentucky, farmers, who have appealed from fines totaling \$3,500 imposed on them by the Federal Court for the Western district of Kentucky, on a charge of conspiracy in restraint of trade. This was the result of a conference held here to-day between Attorney General Wickersham and Representatives J. Campbell Cantrill and A. B. Rouse, of Kentucky.

When Mr. Rouse and Mr. Cantrill began their plea, the Attorney General declared that Federal Judge A. M. J. Cochran and District Attorneys E. P. Morrow and George Du Rette had declined to recommend clemency in the cases.

"By a rule of the department, that's all there is to it; that ends it, gentlemen," said the Attorney General.

"Wait a minute," retorted Mr. Rouse. "These eight farmers were the only American citizens who had been found guilty under the criminal section of the Sherman law up to the time they were fined. Were any of the Tobacco Trust magnates fined?"

Mr. Wickersham replied that they were not.

"Nor was the Tobacco Trust's business broken up, nor the value of its stock depressed," broke in Mr. Cantrill. "No stockholder has suffered any pecuniary loss."

He waited a minute to let this sink in. Then he said impressively:

"But this decision against these Kentucky farmers, these fines assessed against them by the court, has broken up their business. The Society of Equity, County Union, to which they belonged has not held a meeting for a long time. It has practically gone out of existence. The activities of your department have destroyed this growers' organization in Grant county."

It was on hearing this new angle to the case that Mr. Wickersham said he would violate departmental precedent and take up the pardon matter with the President. He explained that Judge Cochran and Attorneys Du Rette and Morrow had been asked to make a recommendation on the appeal of the Grant county men. All three had definitely and firmly declined, and this usually ends consideration of a case.

Mr. Wickersham did not say what recommendation he will make to the President, nor did Mr. Rouse and Mr. Cantrill indulge in high hopes of the President's favor. Indeed, on April 14, 1910, when the case was in Judge Cochran's court, a Cincinnati Republican paper published a statement that the President was watching the outcome with deep interest, and that it was at his suggestion that the department had investigated the matter. If the President rejects the appeal, the Kentucky Congressmen will see what other steps can be taken. For the moment they are satisfied with having induced the Attorney General to pass the matter up to Mr. Taft.

The Grant county men who were fined and the amounts assessed against them are: The Rev. John S. Steers, \$1,000; Perry Simpson, A. C. Webb and Jerry S. Carter, \$500 each; H. L. Fred K. and R. L. Conrad, \$300 each, and John Caldwell, \$100—a total of \$3,500. A mountain jury in Judge Cochran's court found them guilty of conspiring to prevent the shipment of four hogheads of tobacco to the Globe Tobacco warehouse in Cincinnati from Dry Ridge by W. T. Osborne, a grower.

On appeal the Circuit Court sustained this and the Grant county men then sought to have the Department of Justice take up the

matter with the President. The Attorney General had decided against this, but reconsidered after hearing the Kentucky members to-day.

In the fall of 1907, when the action occurred, 90 per cent. of the Grant county tobacco was pooled. W. T. Osborne, on being solicited, declined to pool his tobacco, but promised to hold it until the 1907 pool was sold. In November he prized his tobacco, hauled it to the Dry Ridge depot and received a bill of lading for Cincinnati.

On November 28 a rumor spread that something would be done to the tobacco on that night and the local union held a meeting at which law and order were insisted on and a committee appointed to call on Osborne and ask him to hold his tobacco. This committee found Osborne uneasy, and, after parley, he agreed to let them haul the tobacco back to his barn, where he promised to keep it until released. He furnished them his bill of lading. The next day a triumphant procession of farmers took the tobacco to Osborne's place intact.

OHIO COUNTY BOY WINS HONORS AT UNIVERSITY

Lexington, Ky., March 21.—Ohio county should be proud of the fact that one of her young men, Mr. F. T. Shultz, has won a place on the "Inter-Collegiate Debating Team."

On Monday evening, March 18, 1912, six of K. S. V.'s best debaters met in a fierce contest, each striving for a place on the K. S. V. varsity team, one of the successful contestants being Mr. F. T. Shultz. This is quite an honor when we come to think that only three men in the whole University can make this team. It is a compliment to the county to be represented in this capacity at one of the greatest institutions of the Southland.

Tennessee University will no doubt meet her Waterloo when she competes with K. S. V. for State championship on about May 1st.

Repels Attack of Death.

"Five years ago two doctors told me I had only two years to live." This startling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr. King's New Discovery. It was well I did, for to-day I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim. It's folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and \$1.00. Trial bottle free at James H. Williams."

As Needy as the Heavens.

A well known minister who had been preaching a begging sermon, concluded it as follows: "I don't want any to contribute who have not paid their subscription to the home paper, for country papers need money a great deal more than do the heathen." That minister knew what he was talking about.

Do you know that of all the minor ailments, colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

There are always a good many people who keep the balance of the community busy wondering how they live so well.

REMEMBRANCE.

I remember, I remember, in the house where I was born,
 How father made us all get up at daylight every morn;
 The slice of cold and greasy pork upon my breakfast plate,
 The muddy coffee that I drank, the soggy bread I ate.

I remember, I remember, how I trudged a mile to school,
 And was rapped across the knuckles if I broke the slightest rule;
 The birch above the teacher's desk, the lightning in his eye;
 The way he used to keep me in till stars were in the sky.

I remember, I remember, how in winters long ago
 I woke to find my attic bed half covered up with snow,
 And how the home-made socks of blue that patiently I wore
 Were knitted from the kind of stuff in Nessus's shirt of yore.

I remember, I remember, how we sat by candlelight
 And vainly tried to see to do our lessons overnight,
 And how before the glowing hearth from time to time we turned.
 Because, alas! our backs would freeze the while our faces burned.

I remember, I remember, how our holidays were few,
 And father always found some chores we had to stay and do;
 In hoeing corn and sawing wood we got our exercise,
 And dad's old trousers for us boys were made a smaller size.

I remember, I remember, how the seasons came and went,
 And we helped to reap the harvests, but we never got a cent.
 I like to recollect it all and talk of it, I vow,
 But thank the Lord with all my heart those times are over now.

SILVER FOIL IN SKULL GIVES BACK MEMORY

New York, March 22.—A piece of silver foil, three inches square, resting directly against the brain of Harry Osmons, a 16-year-old patient in Bellevue Hospital, has, instead of killing him, restored his lapsed memory and apparently cured him of epilepsy.

The foil was inserted by the surgeons after a critical operation, during which a V-shaped section of the skull, three inches long and two inches wide at the top of the V, was removed. The silver foil, as a means of preventing adhesion between the brain and its containing membrane, is not absolutely new in surgery, but it was used for the first time at Bellevue in this operation.

When brought to the hospital the boy was suffering from fits of epilepsy about three times a week, and he had partially lost his memory. Thirty-six hours after the operation the boy had recovered his memory, and there had been no sign of a recurrence of the epileptic attacks.

A silver plate will be placed in the skull as soon as the surgeons feel assured that the incision is healing properly.

A tight feeling in the chest accompanied by a short, dry cough, indicates an inflamed condition in the lungs. To relieve it buy the dollar size of BALLARD'S HOREHOUND SYRUP; you get with each bottle a free HERRICK'S RED PEPPER POROS PLASTER for the chest. The syrup relaxes the tightness and the plaster draws out the inflammation. It is an ideal combination for curing colds settled in the lungs. Sold by Hartford Drug Co., Hartford, Ky., Donovan & Co., Beaver Dam, Ky.

His Skull in His Pocket.

Eureka has a citizen, Henry D. Brown, who carries a piece of his own skull in his own pocket for good luck. Recently he chopped down a tree. It lodged against another one. When he attempted to cut a limb that was holding it, the ax bounced back and chopped a chunk of his skull off, together with considerable flesh and hair.—[Kansas City Journal.]

DON'T SAY YOU'RE OLD

You Only Feel Old

Digestive organs are weak—don't assimilate food as they used to. Other organs act more slowly and less effectually.

Blood is thin and sluggish. Renewal of strength does not equal the wear and tear of your system. That's what makes you feel old. Nothing in the world will tone up and invigorate those weak, back-sliding organs, make rich blood and create strength so quickly as Vinol.

Vinol is not a secret nostrum, simply the medicinal elements of the cod's livers, with the useless nauseating oil eliminated, and tonic iron added. Try a bottle of Vinol with the understanding that your money will be returned if it does not make you stronger, feel younger and give you an added interest in life. James H. Williams, Hartford, Ky. Want a Position?
Young men and women of this county who want employment at increased salaries would do well to write the Bowling Green Business University of Bowling Green, Ky., for their rates, terms and courses. There is no question about the fact that business education increases one's earning-power as nothing else can do.

A Cold, La Grippe, Then Pneumonia is too often the fatal sequence, and coughs that hang on weaken the system and lower the vital resistance. R. G. Collins, postmaster, Harnegat, N. J., was troubled with a severe la grippe cough. He says: "I would be completely exhausted after each fit of violent coughing. I bought a bottle of Foley's Honey and Tar Compound and before I had taken it all, the coughing spells had entirely ceased. Foley's Honey and Tar Compound can't be bent." It stops the cough by healing the cause. Refuse substitutes. For sale by all dealers.

fine suits. We mention these particularly because we know they're the best clothes made; because they're better in style, in quality of materials, in tailoring, than any other clothes. If we didn't think so, we'd find clothes we did think so about.

Special Styles for Young Men

You young men want stylish clothes; you're so particular about the distinction of fashion, the "snap," the extreme models, the lively patterns and colors, that maybe you've neglected a little the things back of the style. Being particular about style is a good thing; be particular. But if your clothes are half cotton, and cheaply tailored, where's your style going to be in a few weeks' wear?

Just think that over. We'll give you style all right; but better have style that stays stylish.

THE BIG STRIKE AT LAWRENCE IS ENDED

And Ultimate Consumer Will
Finally Pay the Bill of Increased Wages.

Boston, Mass., March 25.—The great Lawrence strike, which brought in its train increased wages for 275,000 textile workers in New England, was officially declared off at all the mills in Lawrence today, having accomplished its purpose in the opinion of the leaders.

In this connection it is generally believed, too, that advances in wages or reduction in hours to paper mill employees, haggling and burlap workers, machinists and operatives in other industries, are all traceable directly or indirectly to the movement which had its origin in Lawrence. The total number of persons thus benefited is considerably upward of 300,000.

Advances in the price of woolen and cotton goods which have been made, or which are in prospect, will probably place upon the ultimate consumer much of the burden of the additional cost to the textile manufacturers.

This will aggregate between \$10,000,000 and \$12,000,000 during the next year, it is estimated. Mill agents, in announcing the advance in prices, have frankly said that the upward trend is the result of wage advances.

The rise in the price of cotton goods, announced up till to-day, is comparatively small—a fraction of a cent a yard in most cases—but selling agents predict that the net advance to the retailer may ultimately reach two cents a yard.

Some increased prices also have

been quoted on woolen goods, and dealers freely predict higher prices for next season.

New Bedford, where the manufacturers of the finer grades of cotton goods have refused to accede to the demands of the employees for an additional five per cent., has displaced Lawrence as the center of interest in the textile situation.

BEAVER DAM.

March 25.—The 3d Friday evening in this month was the time set to elect a pastor for the Baptist church, Rev. A. B. Gardner having resigned the month before. Notwithstanding the roads were so bad that few of the country members could be present, the largest crowd was in attendance that had been in any business meeting since Bro. Gardner's pastorate of six years and he was again called for an indefinite term. Bro. Gardner was not present at the election, but after being notified of the result, he again accepted the care of the church.

Mr. Charlie Leach is erecting a storehouse out in South Beaver Dam and will soon open a family grocery and feed store there.

Mr. Sam Gentry, who lately moved to our town, has bought the stock of goods belonging to A. D. Taylor & Son. Mr. Gentry and wife have gone to market to lay in a full line of dry goods and millinery.

Mrs. J. M. Knox, of Whitesville, Ky., who has had quite an extended visit with her brother, Mr. W. R. Cook, returned home last week.

The Republicans of our town seem to be divided between Taft and Roosevelt for President, but as yet the Democrats have not lined up. I do not know the sentiments of any except your correspondent, who is anxious to see one man nominated south of Mason and Dixon's line, therefore we are for Champ Clark. For half a century the Democrats have gone north of Mason and Dixon's line for Presidential timber and during that time have elected one man twice, and he did nothing during his two terms for the common masses. So let us go over in our neighboring State and select a man who has shown his colors by working day and night in Congress in the interest of all the people alike. The Speaker of the House is the man.

Mr. Larkin Williams is still very low of lung trouble. He is a veteran of the Civil War and was in many battles, but he is now battling with an enemy that knows no defeat.
